Residential Countertop Technical Module

Special offer for MIA CEU members

This technical guide provides standards, guidelines and recommendations for residential natural stone countertop installations. Includes sections on making accurate field measurements, common edge profiles, over 17 pages of detail drawings on all aspects of countertop installations and much more—28 pp total.

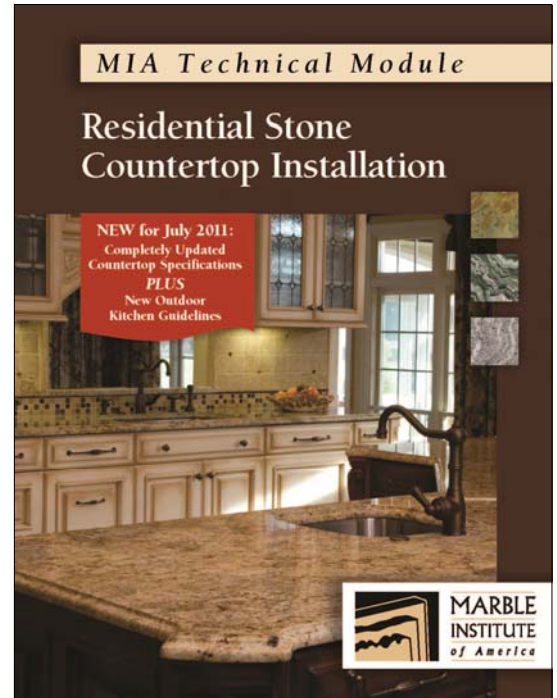

What is new about the 2011 version:

- Countertop specifications section has been completely updated
- New Outdoor Kitchens guidelines
- Clarification of the differences in lippage on countertops vs. islands and peninsulas.

This technical module is based on the content contained in the Dimension Stone Design Manual, v 7.2.
