Marble Institute of America Accreditation Program Application

Accredited Natural Stone Fabricator

Thank You to Our Accreditation Program Sponsors
About the Accreditation Program

The mission of the accreditation program is:

“To provide excellence in the natural stone industry and recognize companies demonstrating compliance with quality standards, so that the public values, has access to, and benefits from consistent, competent, and safe fabrication, installation and maintenance of natural stone.”

The program was developed by the Marble Institute of America over a three year period and focuses on four primary goals:

- Increase/maintain the competency of the industry, raising the standards and create a greater awareness of safety. At the same time, establish accreditation standards that assure the continued competency of the natural stone industry and recognize companies that achieve them.
- Increase the consistency of practice by promoting consistent quality specifications, workmanship and the current version of the MIA Dimension Stone Design Manual as the natural stone industry standards.
- In broad terms, protect the consumer by providing access to companies that are indicative of quality fabrication, installation and sale of natural stone. MIA would serve as a clearinghouse for accredited stone companies.
- Enhance the industry’s commitment to the beauty, durability and value of natural stone.

Code of Ethics for Accredited Companies

The fabrication and installation of dimension-cut natural stone should meet MIA and other industry standards as articulated in the MIA Dimension Stone Design Manual and other technical publications, along with courteous and professional customer service. To achieve these goals, we pledge adherence to the following principles and policies:

- Our primary objective is a satisfied and happy customer, be it a homeowner, a building owner, or a design professional.
- We will maintain and conduct business in accordance with fair and honorable standards of competition.
- Honesty, integrity, quality, and professionalism guide our firm’s business philosophy.
- High standards of health, safety, and product quality will be incorporated into every installation.
- We shall deal fairly with customers, as well as with our employees, our subcontractors, and our suppliers.
- We encourage research to develop new materials, techniques, tools, and equipment, as well as improved methods of stone fabrication and installation.
- We pledge to assist in the education and product knowledge of our firm’s clients and customers (builders, kitchen & bath dealers, architects, designers, and homeowners) before, during, and after installation.
- We shall strive to promote a spirit of cooperation within the industry.

We assume these responsibilities freely and solemnly, mindful that they are continuing conditions to, and part of our obligation as an Accredited Company.

General Instructions

Please complete the application form using the spaces provided. Most questions require the applying Company to submit appendices to the application form. If your responses require an amount of space beyond what has been provided, please insert additional pages and make note of this in the application form. For an application to be considered complete, an applicant must do the following:

1. All documentation must be submitted in English.
2. All responses required in the application form must be typed or printed, unless otherwise stated.
3. The applicant must respond to all questions and provide all signatures and documentation requested.
4. The applicant must provide one (1) original and two (2) copies of the application and all supporting documentation or provide all pages and appendices in one PDF. Each copy of the application and supporting documentation must be bound together (such as a three-ring binder or spiral binding) unless submitting in PDF format.
5. Unless otherwise indicated, the intended Qualifying Agent must provide the signatures requested throughout the application.
6. The applicant must submit the application, by the deadline, to the address that follows. See the Accreditation System Process and Timeline in Section 5 for current deadlines.

Submit application to:
Accreditation Program Manager
Marble Institute of America
380 E. Lorain Street
Oberlin, OH 44074

7. The nonrefundable application fee of $250 ($500 for non-MIA members) (payable in U.S. dollars) is required with the application. See the Fee Schedule in Section 6 for current fees and fee discounts. The check should be made payable to “The Marble Institute of America”. Credit card payments should be made using the “Credit Card Authorization” form included in Section 7.

Failure to comply with the application instructions stated above may result in delay of application review, denial of an application and/or forfeiture of all application fees.
Section 2
Company General Information

Company Information:

Name of Company: ___________________________________________________________________
Address of Company headquarters office: ____________________________________________
City: ______________________________ State/Province: ________________ ZIP: ____________
Telephone: ______________________________ Fax: ______________________________
Web Address: ______________________________________________________________________
Email Address: ____________________________________________________________________

For purposes of MIA Accreditation, an applicant Company is defined as a legal business entity (such as a corporation, partnership, or sole proprietorship) with or without subsidiaries. In any other case where businesses are legally separate units (such as franchises), each company must individually submit an accreditation application, even when ownership of multiple companies is by one individual.

If the Company (as defined above) has additional facilities, each facility must have a qualifying agent; facilities within the same state or province or within a 50 mile radius may share a qualifying agent as long as the agent meets the qualifying agent definition for each facility (identified below). Each facility must undergo a site visit. Refer to the Fee Schedule in Section 6 for multiple site fees.

List the additional offices below, including the name of the company/office, address, telephone number and Web address.

Name of Company: ___________________________________________________________________
Address of Company headquarters office: ____________________________________________
City: ______________________________ State/Province: ________________ ZIP: ____________
Telephone: ______________________________ Fax: ______________________________
Web Address: ______________________________________________________________________
Email Address: ____________________________________________________________________

Address of Company headquarters office: ____________________________________________
City: ______________________________ State/Province: ________________ ZIP: ____________
Telephone: ______________________________ Fax: ______________________________
Web Address: ______________________________________________________________________
Email Address: ____________________________________________________________________
Intended Qualifying Agent Information:

A Qualifying Agent is the designated company representative responsible for filing and maintaining accreditation records for the applying Company. Qualifying agents must be the owner/principal and/or a member of the Company’s senior management team who has as a responsibility the care and control of the product/facility.

The Company must have one qualifying agent; however, there is no limit to the number of qualifying agents a Company has. One examination administration is covered by the initial application fee. The Company is responsible for paying the $250 ($350 for non-MIA members) fee for additional tests.

List below the names and contact information for all individuals the Company plans to take the Qualifying Agent examination. List in order of preference the primary qualifying agent and contact to MIA for all accreditation matters. If an individual listed is not successful on the examination, the next listed person will become the primary qualifying agent and MIA contact. The Company may add qualifying agents at a later date.

Primary Qualifying Agent Name: ______________________________________________________
Office: _____________________________________________________________________________
Title: ______________________________________________________________________________
City: ______________________ State/Province: ________________ ZIP: ____________
Telephone: __________________ Fax: __________________
Email Address: _______________________________________________________________________

Section 3
Company Documentation of Conformance with Accreditation Standards

Standard 1:
*Companies are established business entities with the fabrication and/or installation of natural stone as a primary business function.*

At this time, accreditation is available only to U.S., U.S. territory and Canadian based companies.

1A. Date on which the Company was incorporated (or, if not incorporated, date company was established): ______________________________________

1B. State or province in which the Company was incorporated (or, if not incorporated, state or province in which the Company was established): ______________________________________

1C. States or provinces in which the Company presently has offices/facilities: ______________________________________

1D. Attach to this application the first page of annual federal income tax returns for the previous three years (with financial information concealed). Label the attachment Appendix 1D.

1E. Has your company completed at least 200 fabricated natural stone projects within the previous 3 years?

☐ Yes ☐ No

If No, provide explanation. ______________________________________

Standard 2:
*Companies demonstrate sound business performance.*

2A. Has the Company had to surrender a job for bond within that previous 3 years?

☐ Yes ☐ No

If Yes, provide explanation. ______________________________________

2B. Has the Company lost a residential Suit/Litigation for nonperformance in the previous 3 years?

☐ Yes ☐ No

If Yes, provide explanation. ______________________________________

2C. Attach 10 original letters of reference for the Company from the client, with photos of fabricated jobs completed within the previous 3 years. Label the attachments Appendix 2C.

2D. Attach 3 original letters of reference for the Company from stone manufacturer or distributor. Label the attachments Appendix 2D.
**Standard 3:**
Companies operate ethically and in compliance with all applicable laws and regulations.

3A. Attach a copy of the Company’s current business license (if applicable).
Label the attachment Appendix 3A.

3B. Attach a copy of the Company’s state contractor license (if required by state or province).
Label the attachment Appendix 3B.

3C. Provide a signature below attesting that you currently do and will continue to conform to the Accreditation Code of Ethics (listed on the inside cover of this application).
I, the undersigned attest that I am currently and will continue to conform to the Accreditation Code of Ethics.

Signature of Intended Primary Qualifying Agent: _________________________________
Date: __________________________

Signature of Company Principal/Owner: _________________________________
Date: __________________________

**Standard 4:**
Companies ensure quality and safe fabrication and installation of their products and services.

4A. Provide a signature below attesting that the Company currently does and will continue to conform to the current version of the MIA Dimension Stone Design Manual.

I, the undersigned attest that I am currently and will continue to conform to the Dimension Stone Design Manual.

Signature of Intended Primary Qualifying Agent: _________________________________
Date: __________________________

Signature of Company Principal/Owner: _________________________________
Date: __________________________

4B. Does the Company currently enforce and plan to continue to enforce a Safety policy (including training staff on safe slab handling procedures)?

☐ Yes    ☐ No

If No, provide explanation. ___________________________________________________

4C. Does the Company currently enforce and plan to continue to enforce HAZMAT/MSDS Policy/OSHA 300 Log (or workers compensation boards of Canada applicable injury reporting logs)?

☐ Yes    ☐ No

If No, provide explanation. ___________________________________________________
4D. Does the Company currently enforce and plan to continue enforce a Fork Lift Training Program and policies?
☐ Yes  ☐ No
If No, provide explanation. ________________________________________________________________

4E. Does the Company currently enforce and plan to continue to enforce proper handling/recycling of water discharge?
☐ Yes  ☐ No
If No, provide explanation. ________________________________________________________________

4F. Does the Company currently enforce and plan to continue to enforce proper handling/recycling of water discharge?
☐ Yes  ☐ No
If No, provide explanation. ________________________________________________________________

4G. Does the Company currently prevent dry grinding without proper ventilation and personal protection equipment?
☐ Yes  ☐ No
If No, provide explanation. ________________________________________________________________

4H. Does the Company currently enforce and plan to continue to enforce general housekeeping and cleanliness of the facility?
☐ Yes  ☐ No
If No, provide explanation. ________________________________________________________________

4I. Does the Company currently enforce and plan to continue to enforce a drug testing policy?
☐ Yes  ☐ No
If No, provide explanation. ________________________________________________________________

4J. Does the Company currently enforce and plan to continue to enforce a quality control inspection process/plan, including templating, layout/cutting, fabricating, packing, transportation, & installation?
☐ Yes  ☐ No
If No, provide explanation. ________________________________________________________________
Standard 5:  
Companies have financial resources sufficient to conduct stated business in a safe and effective manner.

5A. Attach a letter of good standing from a bank or a letter of surety with bonding capacity. Label the attachment Appendix 5A.
Examples of these letter can be found in Section 8 of this document.

Standard 6:  
Companies have competent human resources to conduct their stated business in a safe and effective manner.

6A. Does the Company currently enforce and plan to continue to enforce systems, policies and/or procedures that are in place to ensure staff competence to perform assigned duties, including:
- New staff orientation/training,
- Employee handbook, and
- Current apprenticeship, skill or trade development program
☐ Yes ☐ No
If No, provide explanation. ___________________________________________________________

6B. Attach two original letters of personal references for the Company’s qualifying agent from a natural stone professional not within your business. Label the attachment Appendix 6B

6C. Attach a document describe at least 5 years of the Company’s qualifying agent’s Natural Stone Fabrication experience (within the previous 10 years). Document should include, but not be limited to the information below. Label the Attachment 6C

Whether or not you are an owner/principal and/or a member of the Company’s senior management team:
Job Title: ____________________________
Education: ___________________________________________
Employment History: ___________________________________________
Position responsibilities and major accomplishments at current position: ______________________________
_____________________________________________________________________________
_____________________________________________________________________________
Standard 7:
Companies accurately represent the expertise, experience, credentials, and services of their Company and their employees to the public.

7A. Attach some of the Company's current promotional materials (brochures, company website address, yellow pages advertisement) or other materials describing the services offered by the Company. Label this attachment Appendix 7A.

7B. Attach a list the Company's memberships in trade associations, chambers of commerce, home building associations, etc.
Label this attachment Appendix 7B

7C. Has the Company ever had any complaints filed against it with the Better Business Bureau?
☐ Yes ☐ No
If Yes, provide explanation. ________________________________________________

______________________________________________________________________________

Standard 8:
Companies maintain sufficient physical facilities, equipment and materials to achieve safe and effective operation of their stated business.

8A. Does the Company have a dedicated covered work area of at least 2,000 square feet devoted to natural stone fabrication?
☐ Yes ☐ No
If No, provide explanation. ________________________________________________

______________________________________________________________________________

8B. Does the Company have dedicated slab storage equipment?
☐ Yes ☐ No
If No, provide explanation. ________________________________________________

______________________________________________________________________________

8C. Does the Company have automated overhead bridge saw and/or waterjet?
☐ Yes ☐ No
If No, provide explanation. ________________________________________________

______________________________________________________________________________

8D. Does the Company have an inline profiling polishing or hand-held grinding and polishing tools?
☐ Yes ☐ No
If No, provide explanation. ________________________________________________

______________________________________________________________________________

8E. Does the Company have any one of the following safe slab handling equipment: fork lift, overhead crane, jib crane, or mobile crane?
☐ Yes ☐ No
If No, provide explanation. ________________________________________________

______________________________________________________________________________
8F. Identify from the following list, the equipment and tools utilized by the Company (there are no minimum requirements).

Checklist:
- Bridge saw
- Hand Router
- CNC Router
- Straight line polisher
- Water jet
- Radial Arm Polisher
- Hand Polisher
- Hand Grinder
- Circular saw
- Dust control equipment
- Compressor
- Water Filtration
- Fork Lift
- Overhead Crane
- Slab Handling Equipment

Standard 9:
Companies demonstrate sound business and trade practices, including written contracts and comprehensive insurance policies.

9A. Does the Company implement and plan to continue to implement job control and work order systems including at minimum the following elements: contract and/or work order; job tracking system; correspondence files; and, project verification/close-out systems?

☐ Yes ☐ No
If No, provide explanation. __________________________________________________________

9B. Does the Company implement and plan to continue to implement a complaint resolution process?

☐ Yes ☐ No
If No, provide explanation. __________________________________________________________

9C. Attach current certificates of insurance (or letter from agent or broker) for the following:
Label attachments as Appendix 9C.
- Product Liability
- General Liability ($1M min single / $2M ag. min)
- Property
- Vehicle/Equipment
- Workers Compensation
Standard 10:
Companies honor warranties and educate consumers with ongoing maintenance requirements.

10A. Does the Company provide clients with warranties and ongoing maintenance requirements?
☐ Yes  ☐ No
If No, provide explanation. ____________________________________________________________
Section 4
Company Verification of the Authenticity and Completeness of Application Information

We, the undersigned, are authorized representatives of the Company and agree that to the best of our knowledge, all information contained and supporting documentation in this application are true and not misleading, that all of the information in this application and supporting documentation is accurate and complete, and that we reasonably and in good faith believe that the requirements have been fulfilled.

We agree that the Company currently complies with and will continue to comply with and maintain the Standards for MIA-Accredited Companies at all times during the period of accreditation. We further agree that we will submit an annual accreditation report and associated fees, and that if there are substantive changes to the Company, including but not limited to a name change, transfer of ownership, bankruptcy, qualifying agent departure, or situations that bring the Company into non-conformance of one or more of the program standards, we will notify the MIA accreditation program director in writing within 30 days of the change.

Section 5
Accreditation System Process and Timeline

Process
• Attend an optional accreditation immersion course.
• Request accreditation application (accompanied by payment of non-refundable application request fee)
• Complete the written application and provide supporting documentation
• Pay the Application Review Fee
• The Qualifying Agent must take and pass the accreditation exam
• Host a site visit to assure compliance with accreditation standards
• Comply with ongoing accreditation maintenance requirements

Timeline
From the date that a company requests an application, they have one year to return the completed
application. The Qualifying Agent will have one year from the date that the application is approved
to pass the exam. The company will have one additional year from the date that the exam is passed
to complete the site visit.

ADDITIONAL FEE INFORMATION

• Request Application Fee (non-refundable – applied towards submission fee)
  MIA, ISFA, NSC Member: $250       Non-Member: $500

• Application Review Fee (paid prior to taking exam)
  MIA Member: $1500 (total of $1750 minus $250 Request Application Fee)
  ISFA, NSC Member: $1750 (total of $2000 minus $250 Request Application Fee)
  Non-Member: $1900 (total of $2400 minus $500 Request Application Fee)

• Companies that apply for multiple locations will have a reduced fee.
  (again, see comments regarding fee differentials made earlier)

• Additional Qualifying Agent Examination Fee
  MIA, ISFA, NSC Member: $250       Non-Member: $350

• Retake Examination Fee
  MIA, ISFA, NSC Member: $250       Non-Member: $350

• Site Visit Fee (plus direct travel expenses): $750

• Annual Renewal Fee
  MIA, ISFA, NSC Member: $250       Non-Member: $500

MULTIPLE APPLICATIONS

In order to maintain its accreditation status, the qualifying agent of an accredited company must notify MIA in writing at least thirty (30) business days prior to the adoption of any material change to its business model (name change, transfer of any amount of ownership interest or control in the company, bankruptcy, receivership, sale of all or substantially all of the company’s assets, qualifying agent departure or change, or any other material changes which might materially impact the company’s operations and/or its accreditation status). The failure to timely provide MIA with the requisite notice or the ability to investigate the material changes which are being proposed, may result in the company being placed on probationary status until the issues are resolved to the complete satisfaction of MIA. In the case of a qualifying agent departure, a new qualifying agent must be appointed and must pass the accreditation examination.

There is also a $250 ($500 for non-MIA, ISFA, or NSC members) yearly renewal fee, which covers the ongoing staffing, development, and promotional marketing costs associated with the Accreditation Program.

ADDITIONAL INFORMATION

For additional information on the MIA Accreditation Program, please contact Garen Distelhorst at 440-250-9222 or gpdistelhorst@marble-institute.com.
Section 7
Payment Forms

Upon receipt, review, and approval of this application and non-refundable “request application fee”, the “application review fee” payment is required prior to taking the exam. One qualifying agent examination fee is included as part of the application review fee. Please indicate if additional individuals will also be taking the exam.

Use the payment form below to indicate how payment should be processed for the “application review fee.”

Application Review Fee
MIA Members: $1,500   Non-MIA Members: $1,900  (includes 1 qualifying agent examination fee)

Application Review Fee $_____________________

Contact the Marble Institute if you are submitting applications for multiple locations and/or applying for both the commercial contractor and residential fabricator accreditation programs for information about reduced fees.

Additional Qualifying Agent Exam Fee(s)

Section 8
Appeals

A company must submit a written request of appeal to the Appeals Commission Chair within 30 days of receipt of the notice that their application for accreditation has been denied. Upon receipt of written request for appeal, MIA staff will send an acknowledgement letter to the appellate company. Appeals will be limited to a review of the written record and will not involve a hearing. The Appeals Committee will review the written record and render a final written decision within 60 days of receiving of the appeal.
